The Open Day Looms

Greetings. We are a bit light on for articles this issue but there is still plenty happening around the club. See below for details on the Open Day and the Working Bee.

The open day is shaping up as a cracker. I personally am frantically painting away to get my EPIC 40K Space Marines army up to a somewhat sizeable 3000 points in preparation for the display game that Mike Allen and I will be conducting for the Open Day.

The Bloodbowl Competition – North Bowl has kicked off and thanks must go to Mike Baker for taking the initiative and setting up the Competition. Well done Mike, my Dwarfs have been biting at the bit to slam a few tackles down! See the attached newsletter that Mike has prepared for the comp. We look forward to news of the rounds to come.

Cheers
Marc Fairhead
Editor.
